B- Reading (17 Marks)

I – Reading Comprehension : (9 Marks)

2-Read the following passage and answer the questions : (9 Marks)

People have been writing about strange worlds and travelling to space for thousands of years . Parts of the famous Arabic story One Thousand and One Nights might be described as a kind science fiction . The nineteenth century was a time when many exciting new things were invented : steam trains , the telephone , electricity , photographs – and many more .The writer Jules Verne (1828 – 1905) looked at nineteenth century technology and imagined how it could be improved to do amazing things . He wrote about people travelling to the centre of the earth , to the moon –or deep under the sea . Many people consider Jules Verne to be the first true science fiction writer .

In 1895 , the writer HG Wells (1866 – 1946) saw technology differently . He wrote about the possible dangers of technology . His books include The Time Machine ,in which the hero travels into a dangerous

and unpleasant future . Other writers also thought that technology could be bad . Aldous Huxley Brave New World (1931) is about a future in which people are produced in factories . Yet , authors like Isaac Asimov (1920 – 1992) often wrote about a future in which science can solve all our problems .

Science fiction has evolved with technology. In the 1960s , space was being explored for the first time .This gave science fiction writers ideas for what explorers might find in space : strange worlds and unexplained mysteries . More recently , many science fiction stories have been about robots . Could they become more intelligent than people ? Should we use them – or could they start to take over and rule the world ? In science fiction , anything is possible .

A-Answer the following questions :

- 1-Who is the first true science fiction writer ?
- 2-Do you think that robots can become more intelligent than people ? Why / Why not ?
- 3-How did HG Wells describe technology in his book : The Time Machine ?

- 4-According to the article , what influenced science fiction writers in the 1960s ?
a-space travels ? b-unexplained mysteries c-robots d-problems
- 5-In what way was Isaac Asimov different to many science fiction writers ?
a-He was optimistic about science b-He was pessimistic about science
c-He only wrote about space d-He only wrote about robots
- 6-In conclusion , the text says that in science fiction ,
a-technology is good b-technology is bad
c-anything might happen d-there are never any problems
- 7-What does the underlined word ‘this’ refer to ?
a-changes in science fiction b-changes in technology
c-the new year d-space exploration
