I don't know which job I want to do when I'm older, but I think that education is very important. I hope that I pass my exams so that I can go to university. I'm going to work hard. I should study hard, do my duties and make great efforts. When I pass my exams and get high marks, I will think of university. If I go to university, I'll study Maths. **It** is my best subject. I don't like flying, so I don't want to travel around the world. I have some fear of planes. I can't bear their noise. I want to get a good job in Egypt. I want to teach Maths. If I have enough money, I'll buy an **apartment** near the Red Sea. I'll get married but, how many children will I have? I don't know! This is my dream of the future life.
